

60th Annual Bexar County Junior Livestock Show

Scholarship Program

Each year, the BCJLS awards several \$500 scholarships. Our board member Clarence Sultenfuss and his family award one \$1000 Sarah Sultenfuss Memorial Scholarship in honor of his late wife Sarah.

New this year, we added the option to use the scholarship for trade schools and similar programs. The BCJLS recognizes the value of the trades. This year we asked scholarship applicants about the cost of their education and their anticipated return on investment. We did not judge the kids based on that question. Rather, we wanted to encourage the kids to think about the cost of and return on their investment.

We plan to substantially increase the amount of the BCJLS scholarships and to start an endowment for the scholarships. We are already making plans to accomplish these goals and expect it to take about 5 years. **If you are interested in contributing to the endowment or have other scholarship questions, please contact BCJLS director Rebecca Morrison at j_and_r.bcjls@aol.com or speak to any of our directors.** Thank you!
